

Fortt

**Set up a
Safe Android**
For Your Child

CHECKLIST

By Fortt Safety

Create a Google account for your child

Go to Settings > Google > Add Account > Create Account > For my Child. It will be linked to your account automatically.

Download Google Family Link

Download Google Family Link from the Play Store, this app helps you set up important safety features

Turn on App Approvals

In Family Link turn on App Approvals, this lets you approve or decline whenever your child wants to download a new app

Set Screen Time Limits

In Family Link select your child's name > Screen Time > Set Limit. You choose a daily maximum.

Set a 'Bedtime'

In Family Link select Bedtime. Here you can select when the phone should be locked and not used anymore.

Turn Off In-App Purchases

In Google Play select your child's account > Purchase Approvals > All Purchases. This prevents surprise bills.

Complete the protection

Install Fortt Safety to prevent access to harmful and inappropriate websites and apps while also blocking ads, trackers and malicious websites. Installed in seconds and **free forever**. *Find more information at Fortt.eu*
