Set up a Safe iPhone

For Your Child

CHECKLIST

By Fortt Safety

Create a child Apple ID through Family Sharing

Go to Settings > Family Sharing > Add Member > Create Child Account. This links their phone to your account.

Turn On Screen Time

Go to Settings > Screen Time > Turn On Screen Time > This is my child's iPhone > Set a passcode

Set App Download Approval

Under Screen Time go to iTunes & App Store Purchases: Require your approval for apps to be downloaded

Turn off In-App Purchases

Under Screen Time set In-App Purchases to "Don't Allow" to prevent surprise bills

Set a 'Down Time' schedule

Under Screen Time > Downtime you can choose when you want the iPhone to be limited to only certain apps or block all

Turn on Location Sharing

Settings > 'Child's Name' > Share my location to make sure you are able to track them on the Apple Find My network

Complete the protection

Install Fortt Safety to completely prevent harmful and inappropriate websites and content while also blocking ads, trackers and malicious websites. Installed in seconds and **free forever**. *Find more information at Fortt.eu*
